Health News - Health Ministry

"I cared for you in the desert, in the land of burning heat." *Hosea 13:5* In hot weather it is important to dress appropriately. Dress babies & young children in light weight, loose fitting clothing to allow excess heat to leave their bodies. When out in the hot sun, hats with wide brims are helpful. Athletes, band members or other performers who wear multiple layers, heavy clothing or some type of uniform, run the risk of heat exhaustion in high heat & humidity. To prevent heat illnesses, pay close attention to the heat, activity, & type of clothing. Make sure anyone in risky situations drinks plenty of water.
